

Dear Dragon Wranglers (aka Parents & Guardians),

I am thrilled to now support your child(ren) as their on-site school librarian for Castle Heights Elementary School. I look forward to helping each of our students become critical thinkers, enthusiastic readers, skillful researchers, and ethical users of information!

During our 2023-2024 construction/renovation schedule, **students can drop off books to the designated "Book Drop-Off" container located in the main office.** Once work has been completed & the library is cleared for access, students will resume their regularly scheduled (weekly) library time with their classes. You can check in with your students to learn more about the books that interest them and the topics they have learned while visiting their school library.

I highly encourage students and families to *gently* enjoy our library books/resources and **READ TOGETHER as often as possible.** Please be sure to also check out our online resources at CastleHeightsElementary.org/library for continued learning from home.

Happy Reading & Exploring Dragons!

Mrs. Hilton
